COVERAGE HIGHLIGHTS

Collectible auto enthusiasts want specialized coverages that aren't always available under other policies out there – coverages that are as special as their cars. These include things like:

- **Agreed Value** – Protects the current market value of the car in the event of physical damage or a total loss.
- **Customized Policies** – Allows for the ability to choose the coverages that best suit the policyholder's individual situation. These include Towing & Roadside Assistance, Full Glass coverage, Automobilia coverage, Car Covers & Bras, Limited Trailer & Paddock coverage and more.
- **No Attendance Clause** – When the owner wants to walk around at car shows and enjoy the other displays, their attendance at the insured vehicle is not required in the case of a loss to the vehicle.
- **Spare Parts Coverage** – Up to \$750 in spare parts is covered at no additional cost.
- **Low Premiums** – A specialized insurance policy can save your customer hundreds of dollars and hassles. They'll reap the rewards of a program designed with the true enthusiast in mind, and enjoy more features customized specifically for collectible car owners than with a standard auto policy.

Foremost® categorizes their Collectible Auto Product into two programs: the **Antique and Classic** program and the **Modified** program. An antique auto is a vehicle that is 25 years and older. A classic car is considered a vehicle 19 to 24 years old. Both the antique and classic vehicles must be in the original (or original restored) condition. A modified automobile is simply a vehicle modified from its original condition.
