

BRISTOL WEST QUICK FACTS: PERSONAL AUTO

Retention is 10% better for Bristol West Auto customers who opt in for Text Alert Payment Reminders than customers who don't receive them.

HIGHLIGHTS THAT MAKE US STAND OUT:

eSignature

This real-time, "click to sign" way to collect a customer's signature for policy documents is a convenient, mobile-friendly feature that can save you and your customers valuable time and effort. Plus, our eSignature verification process is simple from start to finish with automatic reminders prompting your customer to complete the process, meaning minimal follow up for you.

Text Alert Payment Reminders

When your customers elect to receive text reminders, links to our mobile website and IVR are included within the text message so they can easily pay their bill. Customer retention increases significantly for customers who receive Text Alerts and it can free up more time for you to sell.

Comparative Raters

Our rates are available on many popular comparative raters, or you can quote and book business directly on IAProducers.com.

Optional Rideshare coverage

Coming soon in many states. Our Rideshare option is great for customers who use their personal auto to transport people as part of a rideshare service such as Uber® or Lyft™. It extends a driver's personal auto coverage from the moment they turn on a company's rideshare app until they accept a customer/ride on the app.

Our Auto sweet spot is:

- Customers who may not qualify for a preferred program.
- Customers who might not have a perfect driving record, perfect credit or a perfect car.

Discounts:

We offer a wide range of discounts. Here is a sample of some of the discounts that may be available in your state:

- Multi-Policy
- Paid in Full
- Advance Quote
- Safe Driver
- Distant Student
- Minor Child
- EFT – Premium must be paid through Electronic Funds Transfer to be eligible.
- Go Paperless – Applies when the customer agrees to receive policy and billing documents via email and completes the email address verification
