

FOREMOST QUICK FACTS: TINY HOUSES

Independent agents who quote and sell tiny house policies in the Foremost® Travel Trailer program have high customer retention!

HIGHLIGHTS THAT MAKE US STAND OUT:

Underwriting

Tiny houses built to Recreational Vehicle Industry Association (RVIA) standards or are National Organization for Alternative Housing (NOAH) certified/registered are eligible for the Travel Trailer program. Tiny Houses with Built-in solar panels are also acceptable, and producers can submit new units valued up to \$150,000.

Personal Property coverage applies to personal property loss that occurs either inside or outside the tiny house. Both ACV and Replacement Cost are available. Pet coverage may also be available!

Diminishing Deductible

Included without any premium charge. For each consecutive year the tiny house is insured by Foremost without a paid loss, we will reduce the deductible by 25%.

Full-Timer coverage

Provides liability protection very similar to a typical homeowners policy when the tiny house is being used as a residence.

Additional Living Expense provides coverage for increased living expenses, including temporary housing, when the unit cannot be lived in because of a covered loss.

Tiny Homes on foundations may be eligible for the Specialty Dwelling program. For more information, please contact your marketing representative
